Be on your business toes – Scenario Plan

In a business landscape full of uncertainty, scenario planning shows threats, illustrates alternatives and provides actions as different scenarios fall into place. Forewarned is forearmed.

Let our experts review your:

- Business model;
- Products and services;
- Delivery channels
- Supply chain
- Regulations
- Trading landscape

You'll receive a written report and a feedback session on how you can scenario plan to:

- Identify the known and the unknown;
- Identify the impact of the unknown;
- Identify the drivers of change;
- Identify alternative strategies;
- Reassure customers and suppliers;
- Minimise disruption;
- Make better decisions for action

Time commitment: 1 day plus feedback session

Investment: £1,500 plus Vat (Member) - £1,750 plus Vat (Non-Member)
